GLOBAL PRIVATE EQUITY CONFERENCE 2016

12:00-12:30

KEYNOTE INTERVIEW: EXPLORING THE TOP TEN EMERGING MARKETS OF TOMORROW

Emerging markets have been rebounding from multi-year losses recently, but looking ahead, it's hard to identify supportive global macro drivers, like the commodities boom or monetary easing of past rallies. Instead, we're seeing idiosyncratic forces becoming more important - for better or worse. In this conversation, we pull apart emerging and frontier markets to examine the potential headline risks and the momentum behind likely outperform.

► **Gavin Serkin**, Managing Editor and Author, *Frontier - Exploring the Top Ten Emerging Markets of Tomorrow*

Interviewer: **Dan Keeler**, Editor, *Frontier Markets*, *The Wall Street Journal*
